**FOR IMMEDIATE
RELEASE**

Trackmobile LLC inks pact with Gainwell Commosales to strengthen its presence in the Indian market

(LAGRANGE, GA SEPTEMBER 2023) Trackmobile LLC announced that it has entered into an exclusive distribution agreement with Gainwell Commosales Private Limited (Gainwell), India. The exclusive partnership will empower Gainwell along with Lloyd’s LLC to now offer Trackmobile and Zephir railcar moving solutions to customers throughout India.

Gainwell Commosales Private Limited (Formerly Tractors India Private Limited) has been a trusted partner for its customers in the Construction, Mining and Energy & Transportation sectors for over eight decades, operating out of East & North India as well as in Bhutan and Nepal through the wholly owned subsidiary Tractors Nepal Private Limited (TNPL). Gainwell has been engaged in supporting the growth of infrastructure in India through a comprehensive and technologically advanced product line of equipment in the Construction, Mining and Energy & Transportation sectors. In its endeavor to provide comprehensive ‘Solutions for Growth’ to its customers in the infrastructure and mining space, Gainwell has nurtured close and mutually rewarding partnerships with multiple global OEMs. Gainwell has expanded its presence in Railways, Defense, Oil and Gas and underground mining sectors in recent years and has established itself as a manufacturer of high-end machines for global markets.

This partnership with Gainwell is a great opportunity for both the companies and the customers they serve. The collaboration aims at offering high-quality solutions backed by strong after-sales service for the railcar moving offerings.

A Marmon | Berkshire Hathaway Company

Trackmobile LLC is excited to partner with Gainwell to provide customers with innovative, reliable, railcar moving equipment that keeps customer operations moving forward.
